

# Registration for September 2012 is now open!

Carmel Little Friends Preschool  
651 W. Main Street  
Carmel, IN 46032  
317-846-5090

**(317) 846-5871 (Jeannine Koon, Director)**

Our preschool believes that maturation plus experience influences a child's growth and knowledge. We further believe that preschool education should help provide enriching educational experiences in the developmental areas of a child's life.

Growth in emotional maturity, social competence, physical skill development, creativity, language, cognition and perception are the areas that this preschool shall strive to promote.

Our preschool uses a Christian atmosphere and uses Christian precepts to influence children's growth. The goal of Carmel Little Friends Preschool is to help encourage our children in their love of learning and to be prepared socially and academically for a successful Kindergarten experience. We provide many opportunities for sharing and working together. Individual growth is developed through activities, which include large muscle skills, language arts and good health and social habits. Field trips are part our enrichment program.

## Our Pre-Kindergarten Class

Monday - Wednesday-Friday

9:00 AM - 11:30 AM

In our Pre-K class your child will learn skills to better prepare them for Kindergarten. In addition to academic skills, your child will be introduced to music and a wide variety of hands-on activities. We also travel on several field trips throughout the year to enhance our curriculum.

## 3-4 year old class

Tuesday-Thursday  
9:00 AM - 11:30 AM

This class offers a great foundation for further academic success. We engage our children in a number of fun activities each day and work to learn basic Spanish. Field trips are also an important part of our school year.

## Mother's Day Out (MDO)

Monday, Tuesday, Wednesday  
9:00 AM-2:00 PM  
2 ½ to Five Years

Even the most dedicated, loving parents need a break from the tasks of caring for their young children. MDO gives parents a few hours each week for themselves. Run errands, visit a friend, go to the doctor and feel confident that your child is receiving care and attention in a structured and nurturing environment.
